Agribank considers repayment relief for farmers hit by FMD restrictions. Agribank says it will consider alternative repayment arrangements and other support measures for clients whose farming operations have been affected by Namibia's foot-and-mouth disease (FMD) outbreak and related livestock movement restrictions. Agribank Chief Executive Officer Dr Robert Eiman said affected farmers and agribusinesses should approach the bank to discuss the financial impact of the outbreak, with assistance to be determined on a case-by-case basis. "The Bank will work with each client to identify appropriate repayment arrangements and support options to protect and preserve the agribusinesses, guided by the policies and procedures," Eiman said. Commentary on Previous Auction:

This morning's switch auction saw the central bank receive bids totalling N\$672.1m for the GC27 source bond and opted to switch N\$483.9m of those. Consequently, the outstanding amount on the GC27 now stands at N\$3.09bn. Demand was heavily concentrated towards the front end of the curve. The GC29, GC34 and GC37 attracted N\$512.6m between them, just over three-quarters of all bids received. The GC40 and GC43 were allocated in full, while demand thinned out further along the curve, with only N\$4.0m of the N\$16.8m bid on the GC50 accepted. No allocations were made for the GC53.
